

ALASKA

Harvest Season Teams

Summers are short in Alaska, but the days are long with plenty of light. That helps Alaskans harvest the resources they need for winter. B4 teams assist with the work throughout the season, whether fishing for salmon, chopping fire wood, or canning fruits and vegetables. The stores help under served families make it through the long winters.

Cultural Restoration

Foursquare missionaries, Joel and Trish Buchanan, have partnered with B4 and the people of Prince of Whales Island—especially the people of Coffman Cove, Hydaburg and Klawock—to help with important projects that value and respect their native culture, like carving sheds and community buildings. It's fostered a beautiful openness to the Gospel that hasn't been seen in decades.

THERE ARE NO SMALL THINGS

Size and distance are irrelevant to God. He can magnify the smallest kindness to world-changing proportions. And he can humble what seems at first glance to be large and impressive. Significance is granted by God, who chooses where and when to display his power.

So, we go were the Spirit leads, discerning the unique ways He chooses to use the people of Beaverton Foursquare. And we do not despise small beginnings. Some of the ministries represented here, like those in Nepal or in the greater Portland area, have history. And they've been fruitful as God has breathed on them. Others, like those in Guatemala and Venezuela are smaller efforts that are showing early promise. These are places that God has seen fit to send us. And we can go because of your generosity. Thank you!

Please celebrate with us what God is doing through our community! Also, pray how you might help us continue the work into 2019. But most of all, remember those named here when you pray that God's will be done on earth as in heaven.

INDIA + NEPAL

Church Planting in Nepal

This is a sending ministry that enables
Pastor Ram from the B4 Bhutanese Fellowship
to continue his work as an evangelist and
church-planter in Southeastern Nepal.

Birtamode Boarding Home

This is a residential school that we're founding in the Southeastern Nepal city where we have planted a church.

Bright Hope English School (BHES)

We continue to develop the BHES campus, helping with capital projects like classroom buildings and expanded water systems. We also supply tuition assistance for the high school age girls as they continue their education at nearby Immanuel School.

Nirmal School

We're investing in additional curricula for a Kathmandu-based school directed by Foursquare missionaries. The school is currently serving 239 children.

Educare School

We provide support for tuition and clothing to this Gospel school which serves 50 children. It was founded in Manipur, India by Aphy, a BHES alumni.

English Corner

This serves refugees and recent immigrants who are paired with native speakers to learn English, build lasting friendships, and hear the Gospel. They also enjoy learning games, snacks, and taking field trips.

Chinese Pilots Hospitality Fellowship

Much like English Corner, this provides an opportunity to connect pilots from the PRC here for flight training with host families who love them, help them, and introduce them to our B4 family.

Foster Parents Night Out

Partnering with other churches, we offer weekly respite for foster families. Kids receive lots of love and Gospel-inspired connection while their foster parents get to rest.

OREGON

Pregnancy Resource Center

For decades we've supported the PRC's neonatal ministries, and their efforts to prevent abortion.

Road 2 Hope (previously Saint Child) This is a Gospel-centered ministry we help support that cares for young single moms, and their babies, who are breaking away from homelessness and addiction.

Barnes After School Program

The program provides transportation, a warm meal, snacks, games, materials, and supplies for classroom activities – plus field trips – for 35 Barnes students who might otherwise be latchkey kids.

Barnes Food Backpacks

We partner weekly with Holy Trinity Church to provide supplemental food for low-income families from Barnes Elementary.

PAPUA NEW GUINEA, ASIA + SOUTH PACIFIC

Solomon Islands + PNG

We provided a drill rig and training for The Foursquare Church of Solomon Islands to begin a water ministry (drill a well, plant a church) in the Solomons. Since drilling is time consuming, we also provided hundreds of Sawyer bucket filters to remote villages—while sharing Jesus—in order to eliminate cholera, typhoid, and other water borne diseases.

PNG Building Projects

The strategy of "drill a well, plant a church" is yielding growth, so we are assisting the expansion of a church building that the congregation is outgrowing.

Missionary Transportation in Fiji We equip the Foursquare National Leader with a rented 4WD vehicle (quarterly) so he can reach Hindu villages of the interior mountains with the Gospel.

Haidian Church

We continue our cultural exchange with this vibrant church in Beijing, sharing expertise with each other on leadership, worship, video production, and small group facilitation.

GUATEMALA PANAMA + VENEZUELA

Mission Construction + Resourcing
We've begun partnering this year with Pastor

Lester and his wife Fidelina, who faithfully feed 120+ undernourished kids from the Rincon Grande community. They run a community mission, an after-school program, and lead community development efforts, in addition to pastoring the local church. We also provided hundreds of Sawyer bucket filters while sharing Jesus in order to eliminate cholera, typhoid and other water borne diseases.

Food Distribution/Famine Alleviation

Fabi Colmenarez, a native of Venezuela and a church staffer, facilitated a connection with an Evangelical church that has a weekly feeding program serving 400-500 people. Their efforts help stave off starvation in the surrounding

community. The church has become an outpost of the Gospel with many coming to know Jesus through this effort.

Evangelism, Church Planting and Construction in Panama

The work which began decades ago as Dick Scott translated the Scriptures into the native people's language continues. The sons and grandsons of those who first came to faith in Christ continue the work of evangelizing native peoples, planting churches, and developing the community.

FOURSQUARE DISASTER RELIEF (FDR)

B4 Advent contributions have enabled us to partner with FDR and support missionary and FDR Director, Chad Isenhart as they respond to

- The California Wildfires, where we deployed Rick Schermerhorn, a Foursquare Chaplain, who is on staff at B4
- Hurricane Harvey, where we helped rebuild a church that was damaged by the storm
- Assessment, relief, and basic care for affected communities in the Philippines in the wake of Typhoon Mangkhut
- Food and medical supply distribution throughout Kenya, Southern Sudan, Burundi, Uganda and the Democratic Republic of Congo. The needs are tied to regional displacement, primarily the result of war and its resulting scarcity. Large populations in these nations are severely impacted.
- The deployment of water teams to Southern Sudan

MISSIONARY SUPPORT

We're privileged to support these missionaries who serve with Foursquare (FMI) and related ministries throughout the world. Please remember to pray for them.

Isaac and Amber Rogers: Mission Aviation Pilot serving remote villages in Papua New Guinea and Indonesia

Troy Smith: Supporting agricultural projects in Uganda through the local church

Keren Baldwin and Becky Davis: Working with Compassion First to serve sex-trafficked women in Indonesia

Doug and Sue McMahon: Serving as translators with the larger Wycliffe family

Troy and Rebecca B.: Sharing the Gospel via literacy programs with minority tribes in Northern India

Patrick and Henna T.: Sharing the Gospel through business development in Central Asia

Ann Hughes: Sharing the Gospel with trekkers on pilgrimage in Spain **Chad Isenhart:** Foursquare Relief

and compassionate care in Haiti

Denise Johnson: Church planting in Poland

Guillaume Gauvain: Bethel Orphanage for the Blind in China

Joel and Trish Buchanan: Gospel-centered outreach to native peoples in Alaska

Mikeila (Miller Sandoval) Puente, and her husband Facu: Missionaries serving in Argentina, sharing the Gospel with an unreached community. **Maggie Glenn:** FMI missionary serving in the MENACA region

Dan and Sheryl I.: Missionaries directing the Nirmal School and other efforts in Nepal

Cale and Danielle McGraw: Midwife medical missionaries serving in the Philippines and Southeast Asia

Sam Hakim: Outreach to Muslims in MENACA and refugees here in Beaverton

Anita S.: FMI missionary deploying to Nepal in July 2019

Dr. Herman and Linda Alb: Guatemalan missionaries who serve our teams as we minister to remote villages.

Our B4 Advent celebration is based on the Advent Conspiracy (AC). The AC was created to counteract the overt commercialism of the season. It encourages us to focus on worshiping Jesus fully. Spend less on gifts, so we can give more to others. And to love our neighbors. In addition, if you want to help support the missions and outreach work we celebrate during B4 Advent, you can donate a gift, 100% of which will go to fund missions. It's easy to do so on the website or app. Or just note "B4 Advent" on your check or a giving envelope.
